

LINC Flagler Volusia Workshop Sessions

Use the information below to register for either of the upcoming LINC workshop sessions. We are requiring registration before joining a session to confirm your identity due to the potentially sensitive and confidential nature of information being shared. Pre-registration should only take a moment and can be done at any time leading up to the start of the meeting. All sessions will be recorded and available for attendees after the session ends.

LINC Technical Assistance

Bi-weekly starting February 9 from 9 AM - 10 AM EST

This session is for current members of the LINC system who need additional support or assistance navigating the platform. Members can drop in at any time during the window to ask questions or just to listen in to common issues that other members are experiencing.

Introduction to LINC: See how the system works!

Bi-weekly starting February 16 from 2 PM - 3 PM EST

This session is for anyone who is not yet a member of LINC but is interested in a demonstration, is interested in joining, or is currently in the process of joining. This will be a basic overview of how to navigate the platform that all new members should participate in prior to their initial onboarding session.
